

regular. There were ten officers and fifty-seven sailors in the crew and they were all volunteers. They had far more than the first of the batteries of the enemy. The reason for the entire crew was that a majority of the derring-doers were killed. The steamer did not carry lights and was not armed, and consequently, were not discovered until they were within striking distance. The Japanese were then attacking the steamer and it was practically completed. Japan is singing praise of the volunteer crews who participated in the dangerous work. It is expected that the Emperor will publicly thank them and give them medals to commemorate the stirring act.

It is understood that Admiral Togo's main fleet is still in the vicinity of Port Arthur and it is expected that this fleet will continue bombarding the plains fleet it is untenable or until the Russians fleet is destroyed.

ARE MYSTIFIED.

Russians Do Not Know What Japanese Are Up To.

(By Associated Press.) ST. PETERSBURG, Feb. 27.—Two thousand men from the Russian-European army, especially fitted for the transportation of troops, are being sent to the Siberian line.

The desperate manner in which the Japanese are attacking the Russian fleet, in order to secure absolute freedom in the disembarking of troops, has convinced the military authorities here that their main object for the present is hopelessly to cripple fleet, in order to secure absolute freedom in the disembarking of troops. For this reason the Russian commander is carefully guarding against exposing his ships, keeping them in the harbor, under the guns of the fortifications.

A doubt exists as to whether the Japanese really desire to land near Port Arthur and invest the city. The authorities admit they are considerably mystified, but the prevailing opinion continues to be that the Japanese will not hazard a landing at this stage of the campaign. It is pointed out that owing to the conformation of the shore the only suitable landing places near Port Arthur are well within the range of the batteries and that if a landing is attempted on the northern part of the peninsula the Japanese transports will be unable to come close to land, and that on account of the shelving of the shore the troops would have to march miles through the water and low water, exposed to a galling off-shore fire.

No news is being received here concerning the operations around Vladivostok, whence, under the Viceroy's orders, telegrams are forbidden except from officers to their families and then only with the approval of the military censor. The exact whereabouts of the Russian Vladivostok fleet is not known, but it is presumed to be in the harbor.

Up to the time of this dispatch nothing has been obtainable concerning the reported Japanese landing at Posset Bay, near Vladivostok.

PARIS NEWS.

French Correspondent Destroys Number of Japanese Vessels.

(By Associated Press.) PARIS, Feb. 28.—In a dispatch from St. Petersburg the correspondent of the Echo de Paris quotes a high officer of the Russian general staff as saying that complete reports of the latest Port Arthur attacks have not yet been received, but that a consideration of the information already in possession of the government shows that in the bombardment of the night of February 24th, three Japanese vessels were sunk in addition to the transports. An official dispatch shows that one Japanese torpedo-boat destroyer was sunk, and the best information at the French headquarters indicates that three such vessels were lost.

"I confirm the previous reports," the correspondent quotes this officer as saying, "that upon the transports which were attacked the Japanese discovered wires leading to infernal machines. We estimate that these checks will have a considerable effect upon the Japanese spirit, but must continue to watch in order to bar the enemy."

OFFICIAL REPORT.

Adds Nothing to the Previous Knowledge of the Affair.

(By Associated Press.) TOKIO, Feb. 27.—The official report of the attempt made last Tuesday night to destroy the harbor of Port Arthur reached Tokyo last night (Friday). The report adds nothing to previous knowledge of the affair. The report says the sinking of the steamer did not block the harbor, and says of the fighting on February 25th:

"A bombardment of the inner harbor was ordered, and for fifteen minutes all the heavy guns of the Japanese fleet threw shells over the hills into the harbor. The Japanese were unable to determine the effect of the bombardment, but saw huge columns of smoke arising from time to time. In the meantime the Japanese cruiser squadron discovered two Russian torpedo destroyers at the foot of Laotche hill, and gave chase. One of the destroyers escaped, but the other was pursued into Pigeon Bay, where it was sunk. Vice Admiral Kamimura reports that the Japanese sustained no damage and did not lose a single man."

CLUMSY MANOEUVRES.

The Port Arthur Correspondent Sends Account of the Battle.

(By Associated Press.) ST. PETERSBURG, Feb. 27.—The Port Arthur correspondent of the Russ telegraph the account of the operations of February 25th, which says:

"The manoeuvres of the Japanese appeared to be defective. While turning back to sea the Japanese battleships got bunched, and our ships did not fail to take advantage of this fact. They opened

O. H. BERRY & CO. MEN & BOYS OUTFITTERS.

A running line, and one could clearly see shells bursting amidst the tremendous target. This clumsy manoeuvre on the part of the Japanese is considered as affording weighty reason for the belief that the enemy's losses were heavy.

"A Japanese torpedo boat lies on a bank off Port White Wolf. It is apparently one of those which participated in the night attack with the freighters."

TOOK INITIATIVE. Commander of Vicksburg First to Offer Assistance to Russian Wounded.

(By Associated Press.) WASHINGTON, Feb. 27.—The text of the message to the Navy Department from Commander Marshall, of the Vicksburg, is as follows:

"Took the initiative by sending medical assistance to the Vicksburg as soon as possible after landing. Sent three boats abandoning the vessel. Sent three boats and assisted taking off the Russian sailors, putting them on board the British and Italian vessels. The Vicksburg remained afloat over five hours, filling slowly. Our boats were instructed not to bring the Russian sailors to Vicksburg, fearing the Zafiro temporarily, but offer was declined."

ORDER SUSPENDED. Mr. Morgan Will Not Be Sent to Dalmay for Some Time.

(By Associated Press.) WASHINGTON, Feb. 27.—The orders of Edwin V. Morgan, appointed and confirmed as American consul at Dalmay, proceeded to that post, has been suspended. Mr. Morgan will not proceed until he has received further orders from the department. There is no present intention of trying to force Mr. Morgan upon the Russian government.

No change has been made in the orders to Messrs. Cheshire and Davidson, who have been named as consuls to Mukden and Antung, respectively, and are about to sail in a day or two from San Francisco for the East.

OCCUPY ROADS. Russian Infantry Posted, With Front and Flank Strongly Protected.

(By Associated Press.) MOSCOW, Feb. 27.—According to the latest information in high military circles Russian infantry has occupied the road between Liu-Yang on the railroad from Mukden to Port Arthur and the Yalu River, its front and flank being strongly protected. The right flank is at Taku-Shan and the left near the town of Wiju. The Russian cavalry crossed the Yalu between Antung and Yungtung and occupied the road toward Szechon and Cosack accounts advanced along the greater and lesser caravan routes. Scouts are now ten miles east of Pheng-Yang. The cavalry is 35 miles north and the infantry 135 miles northwest of Pheng-Yang.

IN AN OPEN BOAT. Several Japanese Officers and Sailors Land at Che Foo.

(By Associated Press.) CHE FOO, Feb. 27.—Several Japanese officers and sailors landed here from an open boat early today, but refused to give any information as to where they came from. At the Japanese consulate it was given out that they had been sent to Port Arthur and which sank trying to reach this port. The statement that they were members of the crew of the merchant steamer sunk near the entrance of Port Arthur for the purpose of being taken to the Japanese fleet was positively denied. They crossed the gulf in the open boat in which they arrived. The command claimed that they had been expecting the arrival of survivors of the action off Port Arthur.

NO CONFIRMATION. Japanese May or May Not Have Landed at Posset Bay.

(By Associated Press.) ST. PETERSBURG, Feb. 27.—Although there is no confirmation here of the reported landing of Japanese at Posset Bay, near Vladivostok, private advice received here that Japanese warships have been sighted off Kyang-Bong, Korea, about eighty miles southwest of Posset Bay.

Quiet at Harbin. (By Associated Press.) HARBIN, MANCHURIA, Feb. 27.—Everything is quiet here and at Pogranitskiy.

Signals made with red and white lights have been seen on the hills near the Chinese frontier today, but they disappeared upon the approach of Russian troops. It is reported from Nudachi that a Russian sentry informed near a small tunnel was fired upon. He returned the shot but did not hit his man. Armed persons in disguise had appeared near Datsien, but after the frontier.

May Raise the Variag. (By Associated Press.) PARS, Feb. 27.—The Tokyo correspondent of the Petit Parisien cables that Japanese engineers have left for Chemulpo, Korea, to endeavor to raise the Russian cruiser Variag.

THE MAN'S WATCH LAY CORNER-STONE ON FRIDAY NEXT

Pistol Ball Penetrated Cheek of Time-Keeper and Did No Harm.

(Special to The Times-Dispatch.) DANVILLE, Va., Feb. 27.—A ninety-eight cent watch in the vest pocket of Marchetti Nanci, an Italian, who is at work on the new power dam, a mile above Lunville, was the subject of a curious incident. Nanci was approached by a negro in the woods near the river and told to turn over his money. When he refused to comply the negro fired at him from a 38 calibre revolver. The ball penetrated the cheek of Nanci, but the Italian suffered no ill effects. After shooting, the negro became frightened and ran away.

MR. ARTHUR D. BROWN. Death Here Yesterday of this well known gentlemen.

Mr. Arthur Dudley Brown died at his residence, No. 103 North Plum Street, yesterday morning at 9 o'clock. Mr. Brown, who during his lifetime, had been very vigorous and active, was stricken suddenly about two weeks ago, but, under skillful treatment and with careful nursing, rallied. His condition was, however, precarious. About 5 o'clock yesterday morning he suffered a second attack, and his condition grew rapidly worse, until the end came at the hour named above. The cause of his death was apoplexy.

Mr. Brown was born in Goodland county nearly sixty-three years ago, but removed to this city when quite a small boy, where he entered business and later became one of Richmond's prominent merchants, retiring only a few years ago from active business life.

He was a popular man, both in business and in social life, and many ties of friendship formed after taking up his residence here are now suddenly and sorrowfully broken.

Mr. Brown was engaged in the Civil War, and during the blockade, but was not identified with any particular regiment. He married Miss Emma Lowry, of Cumberland county, who, with seven children, survives him. His children are Mrs. R. W. Jones, Mrs. Alfred H. McDowell, Mrs. Lloyd O. Bullock, Messrs. Russell H. Arthur D., Jr., Misses Celestine M. and A. S. Waring Brown.

He was an active and faithful member of the Baptist Church for many years, having joined when quite a young man, and was always identified with its work and development.

The funeral will take place from Pine Street Baptist Church this afternoon at 3:30 o'clock. The services will be conducted by Rev. J. B. Hutson, the pastor, and the interment will be in Hollywood Cemetery.

The pall-bearers will be Messrs. W. B. Clarke, A. J. Haynes, N. B. Arnold, W. B. Darley, M. W. Williams, Emmett Hill, Henry L. Carter and L. S. Whitmore.

IN MEMORIAM. Miss Lelia M. Pacini.

In sad and loving remembrance of Lelia, who departed this life February 25, 1904, this tribute to her characteristics of kindness, sweetness and unselfishness will ever be a cherished memory to those who loved her.

There can be no words so strong, no thought so loving, no eulogium so high, that could do more than simple justice to her that is gone.

HER FAMILY.

MR. ARTHUR D. BROWN. Death Here Yesterday of this well known gentlemen.

Leading doctors say that so-called catarrh and asthma cures make more victims of the morphine, opium and cocaine habit than all other means combined. Don't take a medicine if you feel the habit growing on you! If you feel it will eventually drive you down until your friends will point their fingers at you and say, "He acquired the morphine habit by using some so-called catarrh or asthma cure."

Dr. Lorentz, the great specialist on diseases of the mucous membrane, has discovered an absolutely permanent cure for catarrh of the head, throat, lungs, stomach, bowels, kidneys, liver, bladder and female organs, that will cure any case of catarrh, and is guaranteed to remove morphine, opium and all dangerous drugs. TO-NI-TA cleanses and tones up the system without leaving a single bad after effect.

Mrs. Duncan Cured of Catarrh of Head and Throat by TO-NI-TA.

"When but a child I had typhoid fever, which left me with catarrh of the head and throat. I was treated by specialists for many years, but they gave me no relief. My case got so bad, and the odor from the catarrh became so disagreeable, that I dreaded to mingle among my friends."

"One of my neighbors had taken TO-NI-TA and was cured. I noticed a change for the better at once, and when I had taken one bottle the discharge from my nose and throat had decreased so that it was scarcely noticeable, and there was no odor whatever. I am now completely cured."

"I was also troubled with sleeplessness, but can now go to bed and sleep like a baby. If I have only a cold, I would try TO-NI-TA. I would pay any price in the world to get it. It not only cures catarrh, but builds up the system and drives out the disease germs."

"I gained about fifteen pounds, and never felt better." S. M. Duncan, 1311 Sandusky Street, Allegheny, Pa.

Every TO-NI-TA testimonial is genuine, and the original letters may be seen at our office. Write fully and in confidence to our doctors for free advice, as no letters are published without the consent of the writers, and all correspondents will be returned if you wish.

This great discovery, TO-NI-TA, is a scientific combination of the vital principles of the most powerful healing herbs known to medicine, and is guaranteed to contain positively no opiates or dangerous drugs of any kind. It has been analyzed and tested by the most eminent chemists and doctors throughout the world, all of whom have come to one decision, that TO-NI-TA is the most wonderful medicinal discovery of modern times. It is a must have been the work of a great brain for a lifetime to discover such a marvelous remedy. It not only heals the mucous membrane, but as it is a gentle laxative, it purifies the blood and stimulates circulation by driving all poison germs out of the system through the bowels.

TO-NI-TA cures catarrh of any organ or part of the body by acting directly on the mucous membrane, where disease, if not cured, will last a lifetime. It is an invigorating tonic, and once upon the system and restores the patient to a normal, healthy condition, and keeps you strong and well. It matters not how weakened, run-down or diseased the system may be, TO-NI-TA will strengthen and restore the shattered nerves, and bring you back health and strength. Sold at all drug stores or direct, \$1 per bottle.

BEWARE OF SUBSTITUTES AND IMITATIONS. Our attention has been called to a few cases where unscrupulous dealers have tried to sell some cheap, injurious substitute for "Just as good as TO-NI-TA." Ask for TO-NI-TA and insist on the genuine.

Dr. Lorentz's "Beautiful Story of Life" and doctors' advice free to any one who writes LORENTZ MEDICAL CO., Flatiron Building, New York.
